CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

May 6 Is Date Set For Fine Arts Show

The Omicron Chapter of Sigma Eta Fine Arts Sorority and the Fine Arts department of the Pahokee Woman's Club will sponsor an art show on May 6 from 3 to 5:00 p. m. at the Canal Point Community Hall.

The Sigma Eta Sorority was organized in 1928 at Fort Wayne, Ind. with 28 music majors in musical art. Later it branched into different fields of fine arts.

The Florida Federation of Women's Clubs was organized February 21, 1895 at Green Cove Springs and admitted to the general Federation of Women's Clubs on January 25, 1898.

Anyone doing work in any of the following fine arts: ceramics, music, water colors, pastels, oils or handicraft, please call one of the following committee members, Mrs. Frank Friend, Mrs. R. F. Hurt or Mrs. Paul Rardin and they will pick up your exhibit.

Mrs. Robert Hutton and Mrs. C. M. Todd will be at the Community Hall in Canal Point on Saturday, May 5 from 1 to 3:30 p. m. to receive and arrange the art work. There will be some pieces of art and music on display that may be purchased.

The Sorority will be in charge of the refreshments and program. Mrs. Pearl Santee will preside at the guest book. The public is cordially invited to visit the art show.

Mrs. Dorothy Stanley visited her mother, Mrs. Ella A. Crippen, in Dania last Sunday. She was joined there by her son and daughter-in-law, Mr. and Mrs. Ronald Stanley of West Palm Beach.

Pahokee Public Thoroughfares Committee Will Meet With SRD Division Engineer

The Pahokee City Council has appointed a Public Thoroughfares Committee of nine prominent citizens to study the proposal of four-laning a highway through the City of Pahokee. A recent tentative survey was made by the State Road Department at the request of the City Council and maps of the survey have been made available to the Council and citizens of Pahokee. It is this survey and other proposed routes for the four-laning that this Committee has studied and they will meet Monday night at City Hall in Pahokee with Clarence Davidson, State Road Dept., Division Engineer, to discuss proposed routes through Pahokee.

Honor Certificate Presented To Pahokee Police Department

Police Chief Leon Guthrie (extreme right) receives for the City of Pahokee from Cpl. Glenn L. Blocker, head of the Florida Highway Patrol station at Pahokee, a Certificate of Honor issued by H. N. Kirkman, FHP chief and director of the Florida Department of Public Safety, "for meritorious service to its people and the State of Florida by virtue of having a record of no traffic fatalities within the city limits during the year, Jan. 1 through Dec. 31, 1961."

Very few incorporated towns

and cities in Florida were eligible for this Certificate of Honor during the past year, Lake Park being the only other town in Palm Beach County to receive it. Pahokee received the same award in 1957.

Located for a considerable distance along the eastern shore of Lake Okechobee, Pahokee has an unusually large mileage of streets to patrol for a town of its size. Its main traffic artery, East Main Street and Bacom Point Road, ex-

tends for a continuous stretch of six miles.

In accepting the Certificate of Honor, Chief Guthrie used the occasion to express his thanks and that of his police force for the fine spirit of cooperation on the part of the public in the observance of traffic regulations, which made the award possible.

City patrolmen attending the presentation ceremony were (l to r) Tommy Perry, Grady Chancellor, Guy Wood and Lester Gordon.

Mike Justice Is Awarded Plaque

Mike Justice as Pinewood Derby Champion of Cub Scout Pack 623 was awarded a plaque by Cubmaster W. O. Moss at the pack meeting held Tuesday night in the recreation hall of the Pahokee Methodist Church. Mike won when he raced his car against the champions of the other dens on a track set up on the stage before an enthusiastic audience of Cubs, parents and leaders. Mike represented Den I and he competed against den champions, Mike Dobrow of Den II, Jimmy Stewart of Den III and Woody Salvatore of Den IV. Den "champs" were presented with miniature derby cars.

The construction and racing of rocket ships was the monthly project of the Webelos Den which is made up of the most advanced Cubs in the Pack. Chuck Bradley was the winner in this group and received a blue and gold badge. He demonstrated the construction and performance of his rocket ship.

Cubmaster Moss presided and opened the meeting with a prayer. The Cubs of Den III conducted the flag ceremony. Den I won the attendance flag and Den IV won the good conduct banner.

The next den mother's meeting will be on May 15, and the pack meeting will be on Monday, May 21, at 6:00 p. m. in the City Park which will include a hot-dog supper.

Mrs. Pope Sears and Mrs. Leonard Maxson of Canal Point, also Mrs. R. F. Hurt and Mrs. T. C. O'Steen of Pahokee will return Friday (today) from the three-day Florida Conference of the Woman's Society of Christian Service of the Methodist Church at St. Petersburg.

Primary Election Bring Filing Fees

The May primary election is reason that Palm Beach County had an added \$3,500 in its till this week.

The money—\$2,475 in filing fees from Democratic candidates and \$1,156 from the Republican office seekers—goes into the county's general fund.

In another election item, the commission approved a list of election officials for the May 8th election and a run-off balloting later in the month.

Mrs. Todd Named Woman's Club Pres.

Mrs. C. M. Todd was elected president of the Pahokee Woman's Club at the luncheon meeting held Wednesday. Other officers elected were Mrs. Glenn Powell, first vice-president; Mrs. C. B. Stringari, second vice-president; Mrs. E. B. Gamble, recording secretary; Mrs. Robert Fisher, corresponding secretary; Mrs. Frank Rozelle, treasurer; Mrs. R. E. Hurt, parliamentarian and Mrs. Frank Friend, auditor.

Mrs. B. R. Mosley, president, presided. She announced that reservations should be in by May 3, for the district meeting of the Federation of Woman's Clubs to be held at Ft. Pierce on May 8. The county meeting will be held May 3, at Delray Beach.

BACK HOME ON MAY 10

Friends have received word from Mrs. J. R. York who is the house guest of her son-in-law and daughter, Mr. and Mrs. Browning Roach at Maryville, Tenn., that she expects to return to Pahokee about the 10th of May.

Prison Farm Holds Up Glades Road RW

Palm Beach County Commissioners on Monday authorized a delegation to try changing the minds of State Cabinet members, who turned down the county's request for state land in the Glades for a road and additional parking at the Glades Office Building.

The county had asked for right-of-way for a "Sugar House Road" which would provide access from a 13 million dollar cooperative sugar mill near Belle Glade westward to State Road 15, a main highway in the Glades.

The county had also requested some additional state-owned land surrounding the Glades Office Building along State Road 15, but the Cabinet, sitting as the Internal Improvement Fund board, turned down both requests.

Commissioner Paul Rardin County Engineer Steve Middleton and County Attorney Harry A. Johnston were authorized to go to Tallahassee and press for reconsideration of the land requests.

Bot proposals were opposed by Garrie Curlee, manager of the Glades Prison Farm at Belle Glade. The Glades prison farm near Belle Glade uses the land and said the road and building expansion would interfere with the operation of the farm.

Lee Wroten Seeks Police Chief Job

Lee A. Wroten of Pahokee is a candidate for Chief of Police in the upcoming election scheduled for Tuesday, May 8. Lee is a native of Pahokee and is the son of the late "Bud" Wroten and Mrs. Wroten. He is married to the former Miss Patsy Elliott.

The candidate presents his qualifications on his campaign literature as follows: "Honest, Fair, Impartial, Capable. Resident Palm Beach county and Pahokee for 31 years. Four years military police service. Over two years with the Palm Beach county sheriff's department as a deputy."

"Liberties" Topic For Pahokee Lions

A Worley Brown of the Florida Industrial Commission was introduced as guest speaker by president, Brooks Henderson, who presided at the luncheon meeting of the Pahokee Lion's Club, Tuesday. Mr. Brown's topic was "Liberties Once Won, Must be Continually Defended."

J. D. Douglas was received as a new member and inducted by J. W. Vann.

Miss Heather Reed was the guest of student member, Robert Boe. Other visitors were Bob Cody, C. M. Marks and Mose Mosley of Belle Glade.

The speaker, next week, will be David C. Atkins of the Children's Home Society of Florida.

The Farm Front

by
Doyle Conner
Commissioner
Florida
Department of Agriculture

If you drive around very much in central and south Florida you've probably encountered more than once one of the big, long flatbed trucks that transport huge loads of sod. Did you ever wonder how much of a business turf grass has developed in this state?

It wasn't until after World War 2 that our commercial sod farming got underway on an important scale. Now turf grass and the maintenance and development of lawns—private, institutional and public—has become big business in Florida. The latest estimates I've seen, by the Florida Turfgrass Association for the year 1959, puts the grand total at 123 million dollars. Undoubtedly it has been increasing in the past two years.

Of the total, 20 million dollars is the retail value of commercial sod produced in 1959. The balance is the estimated cost of maintenance of lawns and grounds for homes and apartments (labor not included), churches and cemeteries, tourist courts and hotels, golf courses, highway rights of way, schools and city and state parks.

This is another contribution Flor-

ida agriculture is making to beautification of our state and the enhancement of its charms in the eyes of millions of our tourist visitors.

Current estimates place the number of Florida's commercial turf farms at about 125, with total acreage ranging from 25,000 to 50,000. Bulk of this production is in the area south of Lake Okeechobee to Ft. Lauderdale on the east coast.

Florida's enterprising turfgrass growers now are checking out various tropical grasses in hopes of developing more and better lawn coverings for use in our state. What they have learned is expected to be presented during the first annual Florida Turfgrass Trade School scheduled for May 28-30 at Miami Beach. And to make certain they learn a bit more, our Florida growers have invited growers from South America to attend the show. The plan is to exchange ideas and knowledge on the grasses grown in the two Americas.

The trade show is to be staged at the Desauville Hotel at Miami Beach and at the Plantation Field Laboratory of the Florida Experiment Station at Fort Lauderdale. It will include exhibits of equipment, chemicals, insecticides, nematocides and fertilizers needed for a successful turfgrass operation.

On the agenda will be a visit to the work plot of the newly formed turfgrass division located at the Experiment Station's field labora-

tory. This plot reveals some of the problems of growing turfgrass under sub-tropical conditions. It should be of particular interest to those growers who might attend from south Florida as well as from South and Central America and the Caribbean area. The show will be of special interest to personnel concerned with institutional grounds, parks, golf courses, and lawn service and maintenance agencies.

The Florida Department of Agriculture's Division of Plant Industry administers a Turfgrass Certification Program which is closely allied with the work and accomplishments of our turf growers.

Representing the Department at the Miami Beach meeting will be Jesse K. Condo, supervising inspector who heads the Division's certification program. Jesse will be in charge of an exhibit which presents the certification story in color pictures, and also offers viewers a good close-up look at the nine grasses presently included in the program.

The purpose of the certification program is to provide sources of superior turf-grasses that are true to, varietal type and reasonably free of injurious insects, diseases,

nematodes and weeds. This will provide protection for the consumer, and for the grower, too, with prospects of a better market for better grasses.

Thus far, the program includes nine grasses which have been thoroughly tested and released by Florida and Georgia experiment stations. From Georgia have come improved bermudes—Tifgreen, Tiflawn, Tifway and Tiffine—and Emerald and Meyer zoysias. The Florida station at Gainesville came up with an improved St. Augustine—Floratine—and also tested two bermudes, Ormond and Everglades No. 1, for release.

Under provisions of the pro-

grams, growers wishing to participate in the plan have only to meet all requirements for growing sites and maintenance of growing areas in order to obtain the certified grass varieties for foundation planting.

The desired grass, when available, is released in small quantities and grown in the foundation plot for further expansion. Division inspectors keep close watch on these plantings and will write certificates only for that turf which passes all requirements set up by the program.

It happened 100 YEARS ago

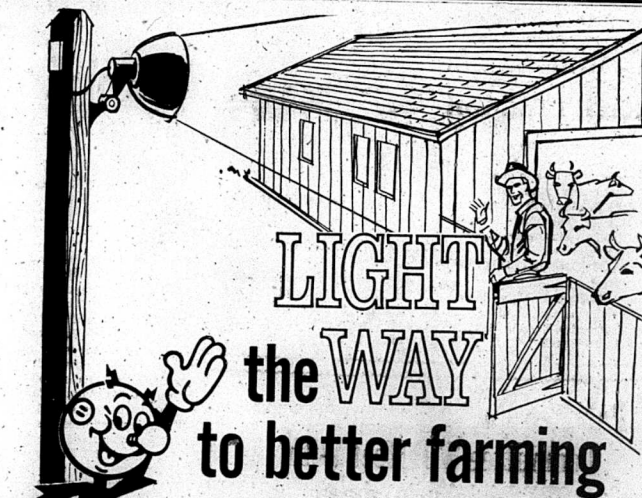

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN FLORIDA, the State Legislature proclaimed that all the public lands to which the state claimed title through secession should be restored to market at \$1 and \$2 an acre, soldiers to have the right to buy at 1/4 these prices. Throughout the state the event was celebrated with foaming steins of beer.

For then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Southern hospitality to any occasion. Floridians have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

COMMISSIONER OF ACTION

Bill Copland Asks County Board Job

Bill Copland of West Palm Beach is running for the seat now occupied by Lake Lital on the County Commission in the Democratic Primary.

For thirteen years he has been associated with Lykes Bros., as a salesman covering the southern section of Palm Beach County. He is a member of Harmonia Lodge No. 138, F & M of Scottish Rite in Lake Worth and is a member of Wagg Memorial Methodist Church. As your new commissioner I will:

1. Listen to your problems and see that their requests are given careful consideration rather than a casual brush-off.

2. Zoning laws are necessary for orderly development. However, I strongly feel that zoning exceptions of violations should be given a sympathetic hearing so that fairness may prevail. Also a sensible approach to problems in the rural and farming areas.

3. Money for road and bridge building should be fairly divided among all growing sections of this county.

4. Desirable industry can be attracted to this county if we keep our tax burden fair, provide a competent labor supply, and cooperate to the fullest in locating new ventures.

5. Consultation on public matters with competent and public-spirited citizens in the county should be a continuing policy of county commissioners.

6. Full cooperation with juvenile authorities, who should be encouraged in their efforts to combat juvenile delinquency.

Louis Moody Asks School Board Job

Louis G. Moody announces his candidacy for Board Member, Board of Public Instruction, Palm Beach County District No. 5.

He has been a resident of Palm Beach County, in West Palm Beach and in Haverhill for the past 18 years. Prior to establishing residence there, he served 4 years in the Air Force during World War II, 20 months of which were spent in the South Pacific War Theatre. Prior to the war he lived in Atlanta where he was connected with the Fulton National Bank.

Mr. Moody is a Mason, Rotarian and Vice-Chairman of the Official Board of the First Methodist Church and lives at 5809 Toronto Road, Towner Park, Haverhill, with his father and two daughters, Jan, 13 years of age and Sylvia, 19 years of age who is completing her freshman year at Wesleyan College in Macon, Georgia.

Phone Change Over Nearing Completion

The telephone company reports the recent number change over in Pahokee has been completed with the exception of a few minor changes yet to be completed in the Pahokee office.

Bob Lee, manager for the company said: "We always anticipate a certain number of difficulties in a change over such as this. Our biggest problem now is that our customers are not dialing all of the seven digits when placing calls. Many are getting wrong numbers because they are still dialing the 8 and the 4 when dialing from Pahokee to Belle Glade and vice-versa."

This is no longer necessary with the installation of the seven digit number plan."

Mr. Lee requests that you use your new directory when placing calls. If you are still unable to reach the number operators will be glad to assist you.

Airman 3-c Jimmy Maxwell left Miami Tuesday by plane for Lincoln, Nebraska, where he reported for duty, after spending his 14-day leave here with his parents, Mr. and Mrs. Ernest Maxwell.

Several Republicans Ask Names Stricken

A number of Republican candidates for precinct committee posts asked the county commission to withdraw their names from the ballot.

The commission approved a personal request from Emelle Johnson, Palm Beach. A letter from a party officer listing four other names to be withdrawn, was tabled by the commission since the law requires names can only be withdrawn on request in writing from the individual candidate. The board decided to notify the four and ask that letters be submitted.

In most instances, reason for the requested withdrawal was the fact that candidates had not been registered with the party for the required amount of time.

Harold Turner In School Board Race

Visiting the Canal Point area this week, the vice chairman of the Palm Beach County School Board, Harold A. Turner, expressed great interest in the schools of this section and found many friends here who expressed high regard for his record.

Turner is a member of the board of directors of the Florida School Board Association, reflecting credit on him personally and the quality of Palm Beach County schools.

His experience is pointed to by friends as very vital at this time. Two veteran members of the School Board are not seeking re-election. Two hold-over members were only recently elected, so Turner, with the larger tenure in office is a man whose experience and business-like approach to school affairs is greatly needed.

Turner has lived for 26 years in Palm Beach County, and two sons are graduates of county high schools and of Palm Beach Junior College. Of his three grandchildren, two are already in the public school system. Turner, a successful business man believes Palm Beach County schools can be improved and declares: "In line with our financial capabilities we must spare no effort to see that the education of our children equips and prepares them for the complex world of tomorrow."

RETURNS TO SANFORD

Bird Sanctuary In John Prince Park

The Palm Beach County Commission this week set aside John Prince Memorial Park which includes Lake Osborn, as a wildlife sanctuary.

It also agreed to maintain a section of the area in its natural state as a haven for birds and water fowl.

Request that the park be made a sanctuary was made by the Audubon Society and H. P. Langridge, spokesman for the group, told the commission that during the current dry spell Lake Osborn has become most important to birdlife.

He said some 2,000 egrets, plus many other types of birds have been roosting in the area. Langridge noted that one section of the Lake lowlands is a cat tail marsh, one of the few such type to be found in all of South Florida. The marsh, he said, attracts a great variety of birds.

The commission was unanimous in establishing the sanctuary and Commissioner Edward Bandlow, Lake Worth, noted that the board is trying to make John Prince Park one of the most beautiful areas in South Florida. "Birds," he said "are a most important part of this natural beauty."

The commission's action won approval of the Lake Osborn Civic Association. The association president, J. D. McMillan, complimented the commission and its parks department for the work being done in the park.

Rotarians Hear Young Cuban Talk

Miguel Batista was speaker at the luncheon meeting of the Pahokee Rotary Club, Thursday, with president R. O. Lampi presiding. He brought out some of the difficulties encountered by Cuban students entering classes in the United States.

Guests were A. E. Kirchner, Walter Hooker, C. A. Bailey, N. T. Taylor, Ralph Kidder and John Dulaney all of Belle Glade; County Commissioner Ben F. Sundy and Kermit Dell, of Delray Beach, W. E. (Bill) Bolton of Clewiston and Jack D. Eassa, West Palm Beach.

Robert Boe and Ronnie Kautz were guests of student member, John Dulaney.

Tang Citrus Drink Sued By Fla. Group

LAKELAND—The Florida Citrus Commission has filed another complaint against Tang citrus drinks with the Federal Trade Commission. They submitted 24 advertisements being used to sell the product.

The advertisements feature a glass of Tang among fresh orange sections. Commission General Manager Homer E. Hooks complained the ads "imply that the product is derived from the whole orange."

The citrus commission and Sun-kist Growers, Inc. of California have been battling Tang's advertising for about two years.

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

Christian Science Group Of Canal Point

How divine guidance aids man in his efforts to make spiritual progress will be brought out Sunday at Christian Science church services.

The Lesson-Sermon entitled "Probation After Death" will include these words of the Psalmist: as for God, his way is perfect: the word of the Lord is tried: he is a buckler to all those that trust in him. . . . It is God that girdeth me with strength, and maketh my way perfect" (Psalm 18).

This citation from "Science and Faith with Key to the Scriptures" by Mary Baker Eddy will also be read (p. 324).

"The way is straight and narrow, which leads to the understanding that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter, certainly before we can reach the goal of Spirit, or life in God."

APPRECIATION

I wish to thank my many friends, the hospital staff, and the doctors for the wonderful attention I received while in Everglades Memorial hospital. I appreciate the flowers, cards and gifts and shall always be grateful.

Mrs. Evie Keen.

LACKLAND AFB, Tex.—Airman Basic Tom D. Mullins, Jr., whose parents reside on Lake Shore Drive, Canal Point, is being assigned to the United States Air Force technical training course for administrative specialists at Amarillo AFB, Tex.

Airman Mullin, who has completed his basic military training here, was selected for the advanced course on the basis of his interests and aptitudes.

The airman is a 1961 graduate of Pahokee High School.

Gallick Is Named Lions President

Canal Point Lions in their annual election Monday night at the Community Building elected Bill Gallick as the new president to take over on July 1. The new president operates a dry goods store in Canal Point.

Roswell Harrington was named first vice president and Harlan Sears second vice president. Oliver Sheppard was chosen third vice president. Alton Jones was slated to be secretary and A. H. Scruggs treasurer.

James Gibson was named Lion tamer and Albert Fremd, tail-twister.

A Zone meeting for Lions will be held on Sunday at Belle Glade and a barbecue is being planned for all who attend.

Four-H Campers To Five Florida Camps

Four-H campers soon will be packing for a week of recreation and fun. Each of the five Florida camps, Cloverleaf, McQuarrie, Cherry Lake, Timpochee and Doe Lake, will be open all summer. Every week a different group of 4-H'ers goes to camp.

The 4-H campers are selected on the basis of individual achievement.

In addition to camps stressing a week of recreation, swimming, and boat safety, there will be several special 4-H camps. These camps will emphasize study of subjects such as tractors and machinery, electricity, citrus or wild life. Many 4-H'ers 14 years of age and older will attend special teen age camps.

According to Gordon White, assistant state boy's 4-H agent, some 6,000 boys and girls are expected to take part in the 4-H camping program this summer.

Pat On The Back For County Board

County Commissioner Ben F. Sindy and his colleagues on the county commission were commended this week by the Delray Beach Boating and Sportsman's Club.

In a letter to the board, the club took note of boating and recreational improvements made on NE 10th St. which the club said were a decided improvement and beneficial to the area.
